

Most Popular JGME Articles in 2021

We used Google Analytics to rank our most read articles over the last year. We also used Altmetric to rank the most popular articles on Twitter. This TABLE includes several articles from our Diversity, Equity, Inclusion, and Justice series, as well as a few articles discussed in our

podcast, Hot Topics in MedEd. Many of these articles are popular because they speak to the mood and issues of this year, characterized by a pandemic, civil unrest, and a reinvigorated push for racial and social justice.

TABLE

Most Popular JGME Articles in 2021

Article Title and Link	Most Read ^a	Altmetric Score ^b
